Re: Class 2 Permissive Change to FCC Certification

To Whom It May Concern:

The class 2 permissive change regarding FCC certification of SAVR Communications' Connect & Communicate Modular RFID Reader was requested to obtain certification for an additional configuration of the hardware that includes an external antenna that connects to the RFIC Module via external antenna ports.

FCC ID: TYP2HF1356

A handwritten signature in black ink, appearing to read "Adam Crossno", is positioned above the printed name and title.
