Re: FCC ID: U9O-SM220

To Whom It May Concern:

The following application is submitted on behalf of our client, Synapse Wireless Inc., for evaluation of their model SM220 for a C2PC certification under FCC Part 15.247.

C2PC is to add a new antenna type to the filing

I have reviewed the application and supporting documentation and have found them to comply with FCC requirements. I recommend this application for certification.

Yours sincerely
