RE: FCC ID: UA9400

Dear Application Examiner:

We completed an upload and issued a grant of equipment authorization for FCC ID UA9400. The application was assessed as a Full Modular Approval, but the Limited Modular Approval type was initially selected in error (on Form 731). This has now been corrected to reflect Single Modular Approval. An updated cover letter and modular approval letter have been uploaded (reflecting "full modular approval" instead of just "modular approval") and should supersede the cover letter and modular approval letter that were originally submitted.

Best regards,

Northwest EMC, Inc.
