Telecommunication Certification Body
RFI Global Services Ltd.
Pavilion A
Ashwood Park
Basingstoke
Hampshire
RG23 8BG
United Kingdom

FCC ID: UCE207005A

To whom it may concern,

The electronic equipment which is the subject of the above FCC certification request is a cellular mobile telephone which is manufactured exclusively for one Japanese cellular Network Operator.

The telephone is dual-mode UMTS/GSM design to allow international roaming use for Japanese customers when visiting overseas, and consequently the Japanese Network Operator has requested GCF and PTCRB certification. FCC certification is a pre-requisite of PTCRB certification.

As the telephone will only be sold in Japan, the User Manual is only written in the Japanese language with a short English language section containing Safety precautions and regulatory information.

Therefore we can not provide a full English language User Manual, but in the circumstances, request that you accept this statement along with the attached FCC regulatory pages printed in English.

Yours Sincerely

Mike Hargreaves
Principal Engineer, Regulations and Approvals
Panasonic Mobile Communications (PMCDE)
