**Inquiry:**

TCB Question regarding FM modulator certification. We have received an application for certification of an FM transmitter falling under Section 15.239 of the Rules. Applicant: Sumitronics Asia Pte. Ltd.; Intended FCC ID: UGES205. Please advise if there is anything special to look for with this application. Regards EMCC DR. RASEK Klaus Knoerig

**Response:**

Please consult the TCB training material on Section 15.239. Also, the recent TCB conference call material has some information. Recent issues include test configurations, tuning range outside applicable range, and bandwidth measurements at maximum audio input using a typical source.
