Subject: Permanent Confidentiality Request for FCC ID: URGM22011

Dear Sir or Madam:

RadarFind Corporation respectfully requests that the following documents accompanying this application:

- Theory of Operation / Technical Description
- Circuit Schematics
- Bill of Materials / Parts List
- Block Diagram
- Tune-Up Procedure

be made permanently confidential and withheld from public disclosure, in accordance with 47 CFR 0.457(d) and 47 CFR 0.459. These documents contain trade secrets, the public disclosure of which would put RadarFind at a competitive disadvantage. RadarFind has spent substantial effort in developing this product and it is technologically unique in the industry. Having the subject information easily available to "competition" would negate the advantage we have achieved by developing this product. Not protecting the details of the design will result in financial hardship.

Sincerely,

A handwritten signature in black ink, appearing to read "S. C. Snell". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Stephen C. Snell, Hardware Manager RadarFind Corporation
