

UN-P

FCC ID: V9LUNIQUE-P08

Unique Printer

Input: \equiv 30V 0.4A

<http://www.qdunique.com>

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

UN-FL-M

FCC ID: V9LUNIQUE-P08

Unique Printer

Input: \equiv 30V 0.4A

<http://www.qdunique.com>

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

UN-NA-M

FCC ID: V9LUNIQUE-P08

Unique Printer

Input: \equiv 30V 0.4A

<http://www.qdunique.com>

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

UN-S0-M

FCC ID: V9LUNIQUE-P08

Unique Printer

Input: \equiv 30V 0.4A

<http://www.qdunique.com>

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

UNIQUE

UN-3D-M

FCC ID: V9LUNIQUE-P08

Unique Printer

Input: \approx 30V 0.4A

<http://www.qdunique.com>

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

UNIQUE

UN-MU-M

FCC ID: V9LUNIQUE-P08

Unique Printer

Input: \approx 30V 0.4A

<http://www.qdunique.com>

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

UN-MO-M FCC ID: V9LUNIQUE-P08

Unique Printer

Input: \equiv 30V 0.4A

<http://www.qdunique.com>

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

UN-FR-M FCC ID: V9LUNIQUE-P08

Unique Printer

Input: \equiv 30V 0.4A

<http://www.qdunique.com>

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

UN-FT-M

FCC ID: V9LUNIQUE-P08

Unique Printer

Input: \equiv 30V 0.4A

<http://www.qdunique.com>

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

UN-TA-M

FCC ID: V9LUNIQUE-P08

Unique Printer

Input: \equiv 30V 0.4A

<http://www.qdunique.com>

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

UN-TS-M FCC ID: V9LUNIQUE-P08

Unique Printer
Input: \approx 30V 0.4A

<http://www.qdunique.com>

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

UN-OT-M FCC ID: V9LUNIQUE-P08

Unique Printer
Input: \approx 30V 0.4A

<http://www.qdunique.com>

This device complies with Part 15 of the FCC Rules. Operation

is subject to the following two conditions: (1) this device may

not cause harmful interference, and (2) this device must accept

any interference received, including interference that

may cause undesired operation.

Excellent-UN-F FCC ID: V9LUNIQUE-P08

Unique Printer
Input: \equiv 30V 0.4A

<http://www.qdunique.com>

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Excellent-UN-N FCC ID: V9LUNIQUE-P08

Unique Printer
Input: \equiv 30V 0.4A

<http://www.qdunique.com>

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Excellent-UN-S FCC ID: V9LUNIQUE-P08

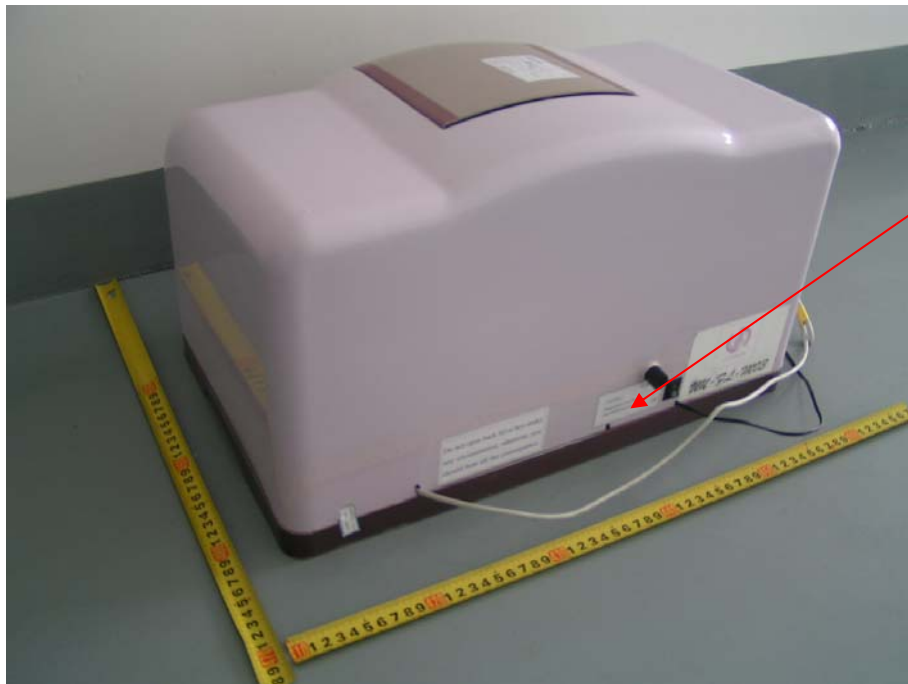

Unique Printer
Input:  30V 0.4A

<http://www.qdunique.com>

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
