Re: submittal for Seon Design Inc. W3TSRMGV2

Feb. 6, 2009

This product is a minor change to product with FCC ID RTPWCB-200. The date of the original grant of the equipment authorization for this Product is 01/21/2008.

The following lists the modifications to equipment bearing the FCC ID RTPWCB-200:

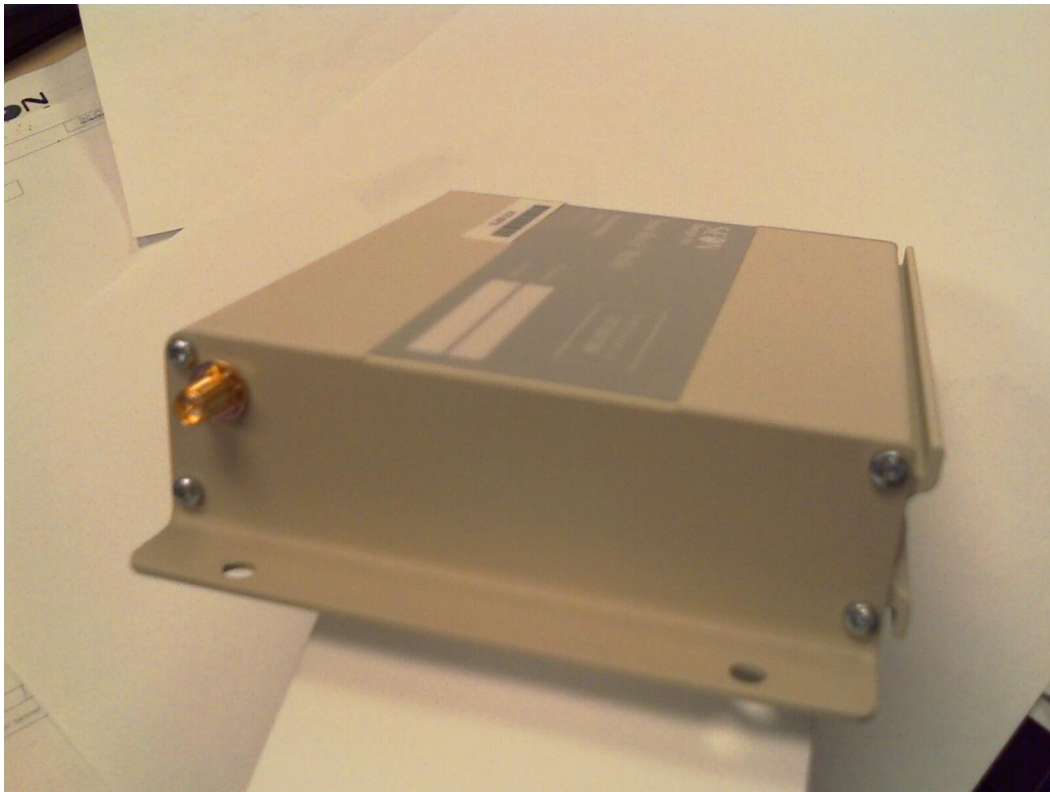

- Removed power input connector from front panel
- Added power supply regulator pcb, and connect output to the location where the power connector was removed
- Replaced metal brackets at both ends of the device

The original test results continue to be representative of and applicable to the equipment bearing the changed identification.

The following pictures show the exterior appearance of the equipment:
