Re: FCC ID: WYU-HAND001

To Whom It May Concern:

The following application is submitted on behalf of our client, Orderite, Inc., for evaluation of their model TR1000 for certification under FCC Parts 15.247 and 15.249.

The TR1000 is a composite device containing two (2) radios operating under different equipment classes, DTS and DXX. The TR1000 utilizes the Part 15.247 2400 – 2483.5 MHz frequency band for 802.11b/g operation and the Part 15.249 902 – 928 MHz frequency band for low power transmitter operation.

The TR1000 was tested to the full requirement of the fore mentioned rules and found to be in compliance.

Sincerely,
