RE: Class II Permissive Change for Fusion Wireless, FCC ID: XM5-SM2144N1

To whom it may concern:

The enclosed documents constitute a formal submittal and application for a Class II Permissive Change for DTS – Digital Transmission System module pursuant to the following rules:

FCC Part 15C

The permissive change is to address the installation in a specific host device. The host is a Muscular Medical device.

Included in this application is a SAR test report and EIRP measurements of the DTS radio in the host device.

RF Exposure Lab, LLC, as duly authorized agent prepared this submittal. A copy of the letter of our appointment as agent is included with the application.

If there are any questions or if further information is needed, please contact RF Exposure Lab for assistance.

Sincerely,

Jay Moulton
Vice President
