SUBJECT: Class II Permissive Change for FCC ID: XMR2021EM05G2

The modular FCC ID: XMR2021EM05G2 was integrated in Lenovo Notebook Computer TP00135D and granted on 03/10/2023. The intention of this application is to enable the modular FCC ID: XMR2021EM05G2 to be integrated in a similar Lenovo Notebook Computer, Model: TP00135C.

The difference between hosts TP00135D and TP00135C are:

- 1) The motherboard, which does not affect the RF characteristic.
- 2) TP00135C add WWAN antenna part number.
- 3) WLAN/BT modular MT7922A12L is integrated in host TP00135C, thus additional RF exposure evaluation is submitted accordingly.

Except for the change above, the design, hardware and implementation are exactly same with original.

Sincerely yours,

Jean Hu
