## Request for Supersede

### TO: Federal Communication Commission

Please kindly be notified that we, Quectel Wireless Solutions Company Limited herein request to supersede the FCC ID: XMR2023RG520NNA for the following reason:

We found that the "2303RSU050-U2 FCC part 22, 24, 27 5G NR test report\_Part6\_05.18" and "2303RSU050-U2 FCC part 22, 24, 27 5G NR test report\_Part10\_05.18" of this application on the FCC official website have duplicated content. We confirmed that the original application report does not have the same problem. It is speculated that there might be a network issue during uploading after investigating, so we request to replace the report.

Quectel Wireless Solutions Company Limited (the applicant) attests that since the certification was granted on 05/07/2023 and acknowledges that the requested exhibits for supersede have been viewable to the public since 09/30/2024.

Quectel Wireless Solutions Company Limited (the applicant) acknowledges that applicable exhibits were public records that we recognize that third-party websites may have obtained the information during the period the information was public and understands the commission has no control over the information on non-FCC websites.

Please kindly permit the supersede.

Thank you.

Sincerely,
