

Family declaration

Date: 23/04/2025

Type of Equipment: Stand-alone Wi-Fi 6 multiradio modules

Brand: u-blox

Model: NORA-W401
NORA-W461
NORA-W406
NORA-W466

To whom it may concern:

We,

u-blox AG
Zürcherstrasse 68 Thalwil Ch-8800
Switzerland

hereby declare that all models listed above are a Family of devices sharing RF characteristics.

NORA-W4 series modules provide developers with the flexibility to select a suitable variant according to the size of the embedded flash memory and the available antenna options.

The variants of NORA-W4 series are described below.

There is no other difference among them electrically or otherwise except for the impedance matching network present on the PCB for those which have the embedded PCB antenna (every variant of models NORA-W4x6).

Variant	Flash	SW	Antenna
NORA-W401-00B	4MB embedded	Open CPU	Antena pad
NORA-W401-10B	8MB embedded	Open CPU	Antena pad
NORA-W461-00B	4MB embedded	u-connectXpress	Antena pad
NORA-W461-10B	8MB embedded	u-connectXpress	Antena pad
NORA-W406-00B	4MB embedded	Open CPU	PCB antenna
NORA-W406-10B	8MB embedded	Open CPU	PCB antenna
NORA-W466-00B	4MB embedded	u-connectXpress	PCB antenna
NORA-W466-10B	8MB embedded	u-connectXpress	PCB antenna

Sincerely,

Filip Kruzela
