Dear Sir,

Further to the application letter attached to this submission, I would like to clarify the use of Coverise Ltd and Ocean Signal Ltd on some of the submitted documents. The two company names refer to one and the same company. Prior to June 2010, the company was known as Coverise Ltd. After this date, the name of the company was changed to Ocean Signal Ltd, reflecting the true nature of our business in designing and manufacturing marine communications and safety equipment.

Some of the submitted documents were prepared prior to the change of name and still carry the original company name.

Additionally I declare that the modules provided Aquamate Products Ltd are factory tuned and tested. There is no in field tuning possible and hence the Tune Up procedure is not provided.

Yours faithfully

A handwritten signature in dark ink, appearing to read "D C Sheekey".
