Correspondence Number	Memo
Y8FVT100D1-1	<p>1) Please provide a block diagram for the entire device. The block diagram submitted only gives information for the RF portion of the device. Response: The block diagram for the rest of the device has been uploaded</p> <p>2) Please provide a corrected sample label. The label submitted shows an incorrect FCC ID and it does not have the required two part statement. Response: The label has been revised to show the correct information. Also, the owners manual has been revised to show the 2-part statement since the device is small enough to exclude the 2 part statement.</p> <p>3) Please provide corrected schematics. The schematics provided show a different RF chip then is shown in the internal photos. Response: The revised schematics have been uploaded</p>
