Dear Application Examiner:

Logic PD is seeking a Class 2 Permissive Change for FCC ID:YKP1024119.

The 37x Torpedo + Wireless SOM -32 utilizes with same radio transceiver chip and front end module as the originally certified device. The antennas used were the same antennas used during the original submission and the physical connections to the antennas have remain unchanged.

We are seeking a class 2 permissive change for the following item changes:

- Shielding
- Passive Component Changes
- Slight Routing

The radio was tested to the new rules for UNII devices.

Your efforts in reviewing this application are greatly appreciated.

Please contact me by telephone at (612) 436-5114 or by e-mail (scott.nelson@logicpd.com) if there are questions or additional information needed concerning this request.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Scott Nelson', is written over a blue line that extends to the left.
