Declaration for DFS client devices

We, Fujitsu Mobile Communications Ltd declare that the device does not support any non-US channels in all the operational mode(s), like Ad-Hoc...etc, for the following product. Also, the client software and associated drivers will not initiate any transmission on DFS frequencies without initiation by a master. This includes restriction on transmissions for beacons and support for ad-hoc peer-to-peer modes.

FCC ID: YUW-FJI13

Should you have any questions or comments regarding this matter, please have my best attention.

Sincerely yours,
