

**TO TURN OFF**  
When not in call mode press and hold the nozzle until the voice command indicates the speaker is off. The red LED will flash five times.

**PLAY/PAUSE**  
Short press of the nozzle when you play music

**PAIRING**  
Twist the dome to the LEFT and hold for 2 seconds to go to PREVIOUS song, repeat as needed. (Red and blue LEDs flash alternately.)

**NEXT SONG**  
Twist the dome to the right for two seconds to go to the next song, repeat as needed

**PAIRED**  
The voice command will indicate the speaker has

been paired with your device. The LEDs will then turn off.

**PREVIOUS SONG**  
When powered off press and hold the nozzle until the voice command indicates it is in pairing mode

**Twist the dome to the LEFT and hold for 2 seconds to go to PREVIOUS song, repeat as needed.**

**NEXT SONG**  
Twist the dome to the right for two seconds to go to the next song, repeat as needed

**ANSWER/END A CALL**  
Short press the nozzle when call comes in. There

will be a two tone beep to indicate the call is picked up. When the call is disconnected the music automatically starts playing again. To send a call directly to your voicemail press the nozzle for 2 seconds.

**VOLUME INCREASE**  
Twist the dome to the right and release to increase volume one increment, repeat as necessary to achieve desired volume.

**ANSWER/END A CALL**  
Short press the nozzle when call comes in. There

**VOLUME DECREASE**  
Twist the dome to the left and release to decrease volume one increment, repeat as necessary to achieve desired volume.

**ANSWER/END A CALL**  
Short press the nozzle when call comes in. There
