**Re: *Confidential Treatment on Short Term Basis for Equipment Authorization Under FCC ID No.
ZHT-1013***

Dear FCC:

Elk LLC and its affiliated companies ("Elk") are requesting confidentiality on a short term basis for the exhibits listed further below for a total of 180 days from the grant of the application under the FCC's Public Notice of June 15, 2004 (DA 04-1705). We are making this request to comply with the marketing regulations in 47 CFR § 2.803 and the importation rules in 47 CFR § 2.1204 so that we can ensure that this confidential information can remain secret until such time that Elk begins marketing the product.

The following exhibits (that Elk seeks to be kept confidential under this letter on a short term basis) are part of the application for authorization under FCC ID No. ZHT-1013:

- External Photos
- Internal Photos
- Setup Photos
- User manual

These exhibits contain business sensitive information that Elk does not make available without proper signed confidentiality agreements in place to restrict disclosure and protect the confidential nature of the information. If this information were disclosed before we are able to announce our product, it could give our competitors early access to non-public information and create an unfair market advantage against Elk and cause financial harm to Elk.

We thank you in advance for your understanding and assistance with granting Elk's request.

Sincerely,

Joseph Pietropaulo, President
Elk LLC
